2	FRONTLINE STAFF RESULTS TABLE.....	5

I Programme manager result table

	How much does staff engagement feature within your project plan?	How much high level support has there been for your programme?	Did you involve frontline clinical staff to raise awareness?	To what extent do your programme managers have the right training, skills and experiences?	How effectively have you communicated the aims, benefits and progress to frontline staff?	How often do you evaluate and act upon levels of staff awareness, engagement and satisfaction?	How effectively do you think you communicate project successes?	Do staff have access to training and education	How much have frontline staff been involved in design and implementation?	How effectively were barriers to change identified and addressed?	Has the process of change been evaluated formally?
